

BARRYTAEKWONDO.WALES DIGITAL MARKETING PRIVACY POLICY

THIS POLICY INCLUDES THE COOKIE POLICY FOR THE WEBSITE BARRYTAEKWONDO.WALES.

WHAT ARE COOKIES?

Cookies are small files stored on the user's device that allow the website to recognise them when they visit their website.

This allows them to track the user's behaviour on the site. Websites such as popular e-commerce sites use cookies to keep users logged in. Without these if the user logged in and went to a new page then they would have to manually log in again.

This means some modern e-commerce and other websites that use log in systems would not function correctly in the manner that they do today. For more information about cookies go to [Information Commissioner's Office](#) or www.aboutcookies.org.uk.

ARE YOU USING COOKIES?

We are using cookies provided by Google Analytics to collect usage data on the website. Thus we are also following [Google's privacy policy](#).

WHY DO YOU COLLECT USAGE DATA FOR YOUR WEBSITE?

We use cookies primarily to gather basic usage statics so we can tell whether anyone is actually visiting our site. It doesn't matter how good a website is if nobody is visiting it. Which is why we mainly use cookies to track users to see if anyone is actually visiting this website.

The usage data can also provide information that can be used to improve the website and provide you with a better user experience and the information you are looking for.
